THE GAME CHANGER

SUBLIMATION (NO-CUT) MEDIA

Until now, sublimation has been limited to 100% Polyester.

The revolutionary FOREVER sublimation transfer media removes the sublimation limitations - Printing sublimation inks onto cotton is now possible.

Each of our sublimation transfer papers have been developed to serve a different purpose - for white, light or dark colored cotton, with and without the glitter option.

SUBLI-LIGHT (NO-CUT) GLITTER

FOR WHITE & LIGHT COLORED COTTON

Transfer paper for printing onto white and light colored textiles with an incredible multi-color glitter effect without a background. Suitable for fine and coarse-meshed textiles.

Printable Materials: White or Light Cotton, Wood & More
Formats: A3, A4, Letter, Tabloid & Rolls: 43 cm x 25 m

SUBLI-FLEX (NO-CUT)

FOR DARK & LIGHT COLORED COTTON

The 1-Paper solution for printing onto light and dark colored textiles without a background. By printing single color designs, hundreds of different color options can be achieved from a basic tone (e.g. Yellow). The storage of several colors, as well as the annoying cutting and weeding of regular Flex/Vinyl belongs to the past.

Printable Materials: Dark or Light Cotton, Wood & More
Formats: A3, A4, Letter, Tabloid & Rolls: 43 cm x 25 m

SUBLI-LIGHT (NO-CUT)

FOR WHITE & LIGHT COLORED COTTON

Transfer paper for printing onto white and light colored textiles without a background. This 1-paper solution is very soft and extremely elastic. Suitable for fine and coarse-meshed textiles.

Printable Materials: White or Light Cotton, Wood & More
Formats: A3, A4, Letter, Tabloid & Rolls: 43 cm x 25 m

SUBLI-DARK (NO-CUT) GLITTER

FOR DARK & LIGHT COLORED COTTON

1-Paper solution for printing onto light and dark colored textiles without a background. The fine glitter particles give the printed colors a particularly high-quality look. Suitable for fine and coarse-meshed textiles.

Printable Materials: Dark or Light Cotton, Wood & More
Formats: A3, A4, Letter, Tabloid & Rolls: 43 cm x 25 m

SUBLI FINISHING FOIL
